Lines open Mon–Sat.

This policy is governed by Thai law, including the **Consumer Protection Act B.E. 2522** and the **Direct Sales and Direct Marketing Act B.E. 2545** (as amended). Nothing in this policy limits any right you have under Thai law.

01 Which part of this policy applies to you

YOUR SITUATION	SEE
You bought goods that were delivered to you (ordered online, by phone, or through any of our sales channels)	Section 2
You bought goods supplied together with installation by Solvio	Section 3
Your goods arrived damaged or faulty	Section 4
Your goods developed a fault after delivery	Section 5

02 Goods delivered to you

2.1 Your 7-day right to cancel

You may cancel your purchase for any reason within **7 days from the day you (or a person you designate) receive the goods**, as provided by the Direct Sales and Direct Marketing Act B.E. 2545. You do not need to give a reason.

To cancel, notify us in writing before the 7-day period expires — an email to info@solvio.solar is sufficient. Sending your notice within the period is enough; the goods themselves do not need to reach us within 7 days.

2.2 Condition of the goods

You are entitled to unpack the goods and to check their nature, characteristics, and functioning — including trial assembly — without losing your right to cancel. Damage arising in the ordinary course of opening or assembling a product is not charged to you.

You are responsible for a loss in value only where it results from handling that goes beyond what is necessary to make those checks. Please return all components, accessories, and documentation supplied with the goods, and keep the original packaging where you can, as it protects the goods in transit.

2.3 Refunds

- We refund the **full purchase price** you paid, including standard delivery costs.
- Refunds are issued within **15 days of our receiving your cancellation notice**, as required by law. You are entitled to keep the goods until the refund is made.
- Refunds are made to the **same payment method used for the original purchase**. No fee is charged for the refund itself.

2.4 Returning the goods

- Please return the goods within **21 days of your cancellation notice** to: Supabizy Co., Ltd., 182/27 Phang Muang Sai Kor Road, Pa Tong, Kathu, Phuket 83150.
- **Return shipping is free.** We provide a prepaid return label or arrange collection at our cost. You pay nothing to return the goods.
- For bulky or heavy items shipped by freight, please contact us before returning so we can book the correct carrier and collection slot. We cannot reimburse transport you arrange yourself without our prior agreement.

2.5 Returning part of an order

Where goods are sold together as a set at a bundled price, the complete set should be returned. Individual items from a set can be returned separately by prior agreement with us.

03 Goods supplied with installation

3.1 Deposit and payment

Payment is made in three stages:

- **50% on signing** — this is your deposit.
- **30% on delivery** of the equipment to your property.
- **20% on commissioning**, when you sign the commissioning checklist.

If you cancel after paying any instalment beyond the deposit, the refund rules in 3.2 apply to everything you have paid, not only to the deposit.

3.2 Cancelling before installation

You may cancel your installation contract:

- **Within 7 days of signing**, for any reason, with a full refund of everything you have paid.
- **After 7 days, but before equipment is ordered**: full refund, less any third-party costs already incurred on your behalf (for example, utility application fees), which we will itemize for you.
- **After equipment has been ordered from our supplier**: refund less documented costs actually incurred. We will always provide a written itemization before deducting anything.

3.3 After installation — no returns

Once installation is complete, the system cannot be returned and the purchase price is not refundable. The system is designed, sized, and configured for your specific property, and cannot be removed and resold as new.

This applies to change of mind. It does not affect your rights where the equipment or our workmanship is defective — your protection after installation comes from:

- Our **workmanship warranty** (5 years) and the manufacturer warranties on the equipment supplied (see Section 5);
- Your rights under the Consumer Protection Act B.E. 2522 regarding defective goods and services;
- Our **acceptance process**: the work is not treated as delivered until you sign the commissioning checklist, and anything identified as deficient at that point is corrected at our cost before final payment falls due.

04 Goods damaged in transit or faulty on arrival

If your order arrives damaged or does not work on first use:

- 1 Notify us within **7 days of delivery**, with photographs of the packaging and the goods.
- 2 We will, at your choice, **replace the item or refund it in full**, including all delivery costs.
- 3 We arrange and pay for the return transport of the damaged item. You pay nothing.

These remedies are in addition to, not instead of, your rights under Thai law.

05 Warranty claims (faults arising after delivery)

Warranty claims are handled separately from returns and are not affected by the expiry of the cancellation period.

Warranty periods for the goods we supply are:

- **Solar modules:** 10-year product warranty, plus a 25-year linear power output (performance) warranty.
- **Inverters:** 10 years.
- **Battery storage:** 10 years.
- **Solvio installation workmanship:** 5 years.

The manufacturer's warranty terms apply to the equipment itself, and the applicable period for your purchase is stated in your order documentation.

To make a claim, contact info@solvio.solar with your order number, a description of the fault, and photographs or video where possible. Where a claim is validated, repair, replacement, or refund is provided at no cost to you, including transport of the affected item.

06 How refunds are paid

All refunds are issued to the **original payment method** used for the purchase. We do not refund to a different account, and we do not issue cash refunds for card payments.

Cancellation refunds are completed within 15 days of your cancellation notice, as required by law. Warranty refunds are completed within 14 business days of the claim being approved.
